"OPEN4U: INTRODUCING PRACTICES IN OPEN INNOVATION 4U"

The OPEN4U project addresses the need for continuing education in the VET sector, contributing to innovation and especially focusing on open innovation and digitalization.

THE 1ST FACE TO FACE MEETING

We are pleased to inform you that the **OPEN4U** project consortium recently held its **first face-to-face meeting** in Krakow, Poland. The gathering took place at the offices of our hosting organization, ARID.

The meeting proved highly productive as partners deliberated on accomplished tasks and outlined the upcoming milestones required to finalize the Work Package no2 (WP2) - "Formation of open innovation interactive catalogue". The remaining tasks are :

- Pre-checklist of open innovation practices in companies of each country,
- The digital awareness campaign, and of course
- The Interactive digital catalogue.

Furthermore, partners did an introduction on the WP3 - "Development of guides on introducing open innovation practices for mobile devices" and DANMAR presented to the team the official website of the project.
